

Agored Cymru's Level 4 Diploma in Data Analytics

The Level 4 Diploma in Data Analytics is the first of its kind in Wales. It provides learners with the opportunity to achieve a higher level apprenticeship within the Data Analytics (Wales) Apprenticeship Framework.

Learners working towards the Level 4 Diploma in Data Analytics are preparing for life as a professional in this field. It will contribute to the future of the sector and provide the next generation of Data Engineers, Data Administrators, Data Managers, Data Analysts and Data Scientists.

Who is it for?

The Diploma in Data Analytics is for learners aged 18 and over, who are qualified at Level 3 or above or who have appropriate experience in this subject area.

This Diploma and the associated apprenticeship framework would benefit learners who want to develop skills and work towards a career in vocational areas such as:

- Business intelligence
- Data warehouse
- ETL (Extract, Transform and Load)
- Data analysis
- Data modelling
- Data mining
- Database management

Why use this qualification?

- It is designed specifically to provide a vocational route for learners to become Data Analytics professionals
- It maps to the Data Analytics (Wales) Apprenticeship Framework

This Qualification supports:

- Skills for Jobs: The National Strategic Skills Audit for Wales; June 2011
- Growth and Sustainable Jobs
- Digital Wales

Qualification Size: 124 Credits

If studied within the Apprenticeship Framework, learners will be required to also complete the following:

Agored Cymru Level 2 Essential Application of Number Skills 601/6847/X

Agored Cymru Level 2 Essential Communication Skills 601/6828/6

Agored Cymru Level 2 Essential Digital Literacy Skills 601/6870/5
